Your Ria, Your Way

Design your own portfolio that meets your objectives.

Customisation That Works for You

With Ria, your portfolio isn't one-size-fits-all.

Now you can customize your investments based on your goals and risk level.

You can adjust the asset mix across ASN Equity Global, ASN Equity Malaysia, ASN Sukuk & Cash and meet your objectives!

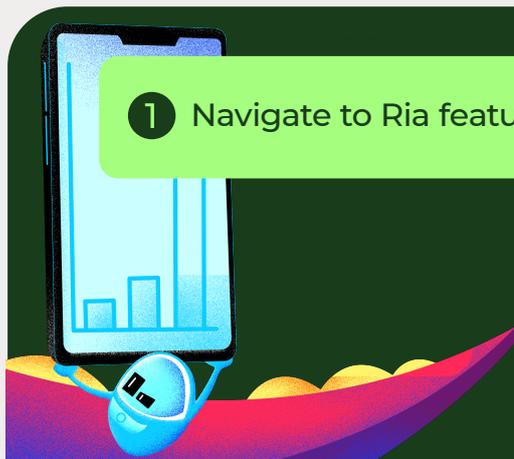

Kickstart your journey with these 6 steps...

1 Navigate to Ria feature

2 Complete the risk assessment questionnaire

3 Select "Custom" at Choose Your Portfolio screen

... and customize your portfolio

4 Adjust the % of your portfolio mix (Global Equity, Malaysia Equity, Sukuk, and Cash)

5 Preview your expected return, expected risk, and recommended investment period

6 Proceed with creating your Custom Portfolio and start investing! After creating Custom Portfolio, UH can use portfolio renaming feature to align to their investment goals
